

To whom it may concern,I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. For traffic info, I don't have the time necessary to wait on AM/FM radio to decide when I should get the latest traffic info. It takes to long and it could cost me a lot of time and aggravation. I pay for the convenience XM Radio provides me. If I am paying for it then you shouldn't be penalizing me for using and needing it. I enjoy the freedom XM provides to me and I have it in all three of my vehicles and in my home.
Thank You,

Rick Platte
